

AMENDMENTS TO THE SPECIFICATION

Paragraph [0058] of the Specification is amended by this amendment. Please cancel the original paragraph and substitute the amended paragraph as set forth below.

[0058] The term “computer-readable medium” as used herein refers to any medium that participates in providing instructions to processor 704 for execution. Such a medium may take many forms, including but not limited to, ~~non-volatile media, volatile media,~~ storage media and transmission media. Storage media includes both non-volatile media and volatile media. Non-volatile media includes, for example, optical or magnetic disks, such as storage device 710. Volatile media includes dynamic memory, such as main memory 706. Transmission media includes coaxial cables, copper wire and fiber optics, including the wires that comprise bus 702. Transmission media can also take the form of acoustic or light waves, such as those generated during radio wave and infrared data communications.
